The committee explicitly reserves its right to assign the submissions to the individual program categories and to allow exceptions from the before-mentioned regulations concerning the contests.

Notification

All submitters receive a written positive or negative reply until beginning of October 2018 via e-mail to the aforementioned contact address. We kindly ask you not to inquire in written form or by phone. Every submitter is obliged to provide a screening copy to the festival, should his film be chosen for the program or one of the contests. The screening copy has to be received by the festival no later than November 1, 2018. Detailed transport information will be provided in time.

Screening copy

The submitter guarantees that a screening copy in the named format is available for the duration of exground filmfest. If the original version is not in English or German, the screening copy has to have English or German subtitles.

Obligations of rights holder

The respective holder of the rights for the submitted film consents to giving exground filmfest the rights for non-commercial screenings, and to forward excerpts to the sponsors of the prize money, should the submitted film be among the winners of the German Short Film Competition (places 1 to 3), the youth days – International Youth Film Competition, the International Short Film Competition or the Wiesbaden-Special – Short Film Competition. In addition, the respective rights holder commits himself to provide the festival with a free copy of the submitted film in DVD or Blu-ray.

Film transport

The costs of sending viewing copies and screening copies to the exground filmfest are to be paid for by the sender. This also applies to copies forwarded from other festivals, in which case the applying parties must make the appropriate arrangements with the relevant festivals. All screening copies from non-EU member states must be clearly marked with a customs declaration stating the following: "For cultural purposes only. No commercial value." Parcels from non-EU member states must also be accompanied by an invoice stating a value of no more than USD 10 (under no circumstances should higher production costs be given). Costs arising from incorrect declarations will be charged to the account of the sender.
